

## The historic districts

The town of Paray-le-Monial has made a considerable effort in the redevelopment and lighting of the historical centre. Whether night or day, it is a wonderful setting for the 4 major buildings, classified as Historic Monuments.

During a walk, you may admire the Maison Jaye t, which has a renaissance façade (1525-1528) characterised by rich ornamentation. A few steps on you will discover the tour Saint-Nicolas. This ancient parish church of the 16th century has had many uses: a prison, law courts. Now it is used for exhibitions.
